

I Saw Canoes

I saw canoes come paddling in
On Christmas day, on Christmas day
I saw canoes come paddling in
On Christmas day in the morning

And what was in the canoes, you say?
On Christmas day, on Christmas day
And what was in the canoes, you say?
On Christmas day in the morning

It was aunties from my village
On Christmas day, on Christmas day
It was aunties from my village
On Christmas day in the morning

They came to love and hug on me
On Christmas day, on Christmas day
They came to love and hug on me
On Christmas day in the morning
